### PROFILE

Dedicated Software Developer (Mobile) with over 4 years of experience in high-paced environments. Bilingual and adept at collaborating with diverse teams, I am passionate about creating exceptional mobile applications. Proficient in Flutter, Dart, Android, and iOS development, I bring expertise in UI/UX design and am skilled in tools like Figma. My proficiency extends to website optimization, WordPress, PHP, HTML, CSS, JavaScript, SEO, API integration, Firebase, and version control with Git and GitHub. Eager to contribute my skills to a dynamic team in an established company.

### WORK EXPERIENCE

#### Associate Web Developer

WebEdge Technologies

Sep 2022 - March 2023

- **Technical Troubleshooting:** I excelled in identifying and addressing technical issues efficiently, ensuring minimal disruption to project timelines. Whether it was debugging code, resolving compatibility problems, or optimizing performance, I consistently delivered solutions within a reasonable timeframe.
- **Custom Web Development:** I actively participated in custom web development projects, employing HTML, CSS, and JavaScript to craft user-friendly and visually appealing web applications. My attention to detail and commitment to best practices in coding and design consistently resulted in high-quality outcomes.
- **Collaboration:** I collaborated closely with multidisciplinary teams, including designers, content creators, and other developers, fostering a cohesive and productive work environment. This collaborative approach enhanced the overall quality of our projects.
- **Continuous Learning:** To stay at the cutting edge of web development, I actively pursued ongoing learning opportunities. This dedication allowed me to remain up-to-date with emerging technologies and best practices, providing a competitive advantage for our projects.

### CTO

Mavipop Digitals

2018 - Present

- **Global Web Development:** Under my leadership, the team excelled in the development of websites and web applications for a diverse clientele spanning the globe. Our projects not only met international standards but also exceeded client expectations, enhancing the company's reputation as a trusted technology partner.
- **Collaborative Team Leadership:** As a collaborative leader, I fostered an environment of innovation, teamwork, and continuous learning. This approach inspired our development team to explore new technologies and stay updated with industry best practices, resulting in more efficient workflows and high-quality outcomes.
- **Client-Centric Solutions:** A central focus of our development process was client satisfaction. I worked closely with clients to understand their unique needs and ensure that our solutions not only met but exceeded their expectations.
- **Agile Methodologies:** We embraced agile methodologies to streamline our development processes, allowing us to deliver projects on time and within budget.
- **Projects worked on:** [MaviPay App](#)

### WORK EXPERIENCE

#### Lead Web Developer

Becadel Solutions

DEC 2020 - DEC 2021

- **Website Redesign and SEO Optimization:** I spearheaded the redesign of the company's website, focusing on optimizing it for increased traffic and improved Google ranking. I applied effective SEO techniques to ensure that our web content was not only engaging but also highly discoverable. These efforts resulted in a notable boost in our online visibility and user engagement.
- **Web Design and Implementation:** With a keen eye for design and user experience, I meticulously designed and implemented web pages and sites. My approach was centered on creating visually appealing and user-friendly interfaces that captivated our audience. I also ensured that the web pages were responsive, rendering flawlessly on a variety of devices.
- **Continuous Improvement:** I implemented a proactive approach to web development by monitoring and analyzing web pages and sites for ongoing enhancements. Regular performance evaluations and user feedback analysis allowed us to identify areas for improvement and make data-driven optimizations. This commitment to continuous improvement led to a more dynamic and user-centric online presence.

#### Mobile Track Intern (Flutter)

HNGx Internships

SEP 2023 - NOV 2023

- Participated in the Mobile track, specializing in Flutter mobile application development. This internship provided a hands-on experience with cutting-edge technologies in the mobile app development field.
- **Individual and Collaborative Work:** Successfully completed individual tasks that demonstrated a strong foundation in mobile app development. Additionally, collaborated closely with a diverse team, including backend and frontend developers, to create functional software solutions. This experience highlighted my ability to work harmoniously within a team and integrate various components to deliver cohesive results.
- **Task-Oriented Environment:** The internship environment was task-driven and fast-paced. This approach played a pivotal role in expanding my knowledge and experience in mobile app development. The constant stream of tasks and challenges honed my problem-solving skills and ability to work under pressure.
- **Leadership Experience:** I took on the role of Team Lead Mobile at a point during the internship. In this leadership position, I played a central role in coordinating team efforts and driving the development of working applications. This experience allowed me to review GitHub code repositories, participate in code reviews, and manage Pull Requests (PRs), contributing significantly to the team's collective success.
- **Overall Contribution:** My active involvement during the internship resulted in the creation of robust and functional mobile applications. The collaboration with diverse team members and the responsibility of being a Team Lead underscored my commitment to delivering high-quality, user-friendly mobile solutions.

### WORK EXPERIENCE

#### Contract Web Designer

Whimpy Solid Minerals

OCT 2022 - Present

- Led a website redesign project with a primary focus on enhancing online traffic and optimizing search engine ranking. Successfully implemented SEO techniques to improve the website's Google ranking, resulting in increased visibility and organic traffic.
- Took charge of designing, developing, and continually monitoring web pages and sites for ongoing enhancements. This involved creating visually appealing and user-friendly interfaces, optimizing content for responsiveness, and consistently improving the user experience.
- **Email Marketing Campaigns:** Played a central role in conceiving and executing effective email marketing campaigns to engage with our audience, promote products, and drive conversions. This included crafting compelling email content, designing visually appealing templates, and utilizing analytics to refine campaign strategies.
- Projects worked on: [Whimpy Solid Mineral](#)

#### Mobile Track Intern (Flutter)

Side Hustle

2022

- Engaged in the Mobile Development track with a specific focus on Flutter technology. This internship provided me with valuable hands-on experience in the dynamic field of mobile app development.
- **Individual and Team-Based Projects:** Successfully completed individual tasks, demonstrating proficiency in mobile app development with a primary emphasis on Flutter. Additionally, I actively participated in team-based projects, collaborating closely with both frontend and backend developers. This collaborative approach allowed for the creation of holistic, functional software solutions by harnessing the expertise of diverse team members.
- **Task-Driven Environment:** The internship environment was characterized by its task-oriented nature, fostering a dynamic and challenging learning experience. Constant exposure to new tasks and responsibilities sharpened my problem-solving skills and equipped me to excel under tight deadlines.
- **Substantial Contribution:** My active engagement throughout the internship led to the successful development of robust and user-friendly mobile applications. My collaborative work ethic and leadership experience underscored my dedication to delivering high-quality, result-oriented mobile solutions.

#### Mobile Engineer

Milsat Technologies

Oct 2023 - Present

- Engaged in the Mobile Development track with a specific focus on Flutter technology, I bring valuable hands-on experience in the dynamic field of mobile app development. As a Mobile Engineer, I have successfully completed individual tasks, demonstrating proficiency in mobile app development with a primary emphasis on Flutter. Additionally, I actively participate in team-based projects, collaborating closely with both frontend and backend developers. This collaborative approach allows for the creation of holistic, functional software solutions by leveraging the expertise of diverse team members.
- In our task-driven environment, I thrive on challenges and constant exposure to new tasks and responsibilities. This environment sharpens my problem-solving skills and equips me to excel under tight deadlines. My active engagement in my current position has led to the successful development of robust and user-friendly mobile applications. Moreover, my collaborative work ethic and leadership experience underscore my dedication to delivering high-quality, result-oriented mobile solutions.
- As a Mobile Engineer, I am committed to contributing effectively to the team, leveraging my skills and experience to drive innovation and deliver exceptional mobile solutions. I am passionate about mobile development and continuously seek opportunities to enhance my skills and stay updated with the latest technologies and trends in the field.
